Math Magicians: Maximize your math time! Hilary shares her tips and tricks for managing your math instructional time. She guides you through setting high expectations, organizing manipulatives, introducing math concepts, and more. Take a virtual visit to Hilary's classroom, where she shows you how to implement purposeful centers, differentiate the activities for each learner, and how to develop a clear plan for making the most of your math time. Head back to your classroom with new math games, strategies, ideas, and the necessary steps for making math magical!

Each participant will receive a Certificate for 1.5 Professional Development Hours
